Robert Denicola : Copyright, Unfair Competition, Related Topics Bearing Protection Works Authorship 2014 Supplement (University Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Copyright, Unfair Competition, Related Topics Bearing Protection Works Authorship 2014 Supplement (University Casebook Series):

The 2014 Statutory and Case Supplement brings together the major legislative, judicial, and industry developments

since the 2013 publication of the 11th edition of Brown and Denicola's casebook on Copyright. In addition to relevant statutes and treaties, the 2014 Supplement includes the Supreme Court's recent opinions in *ABC v. Aereo* on the public performance right and *Alice Corp. v. CLS Bank* on the patentability of computer programs, as well as the Federal Circuit's decision in *Oracle v. Google* on software copyright and the district court decision in favor of the Google Books Project in *Authors Guild v. Google*. The Supplement also contains comprehensive Notes on other significant cases, academic commentary, and industry news.
