Bidyut Chakrabarty : Corporate Social Responsibility in India (Routledge Contemporary South Asia Series)
before purchasing it in order to gage whether or not it would be worth my time, and all praised Corporate Social Responsibility in India (Routledge Contemporary South Asia Series):

Presenting an analysis of Corporate Social Responsibility (CSR) in India, this book looks at the unique roots of the concept in India. It examines Gandhis philosophical moorings that inform Indias approach to CSR, and the role of civil society in setting an agenda for championing the rights of the stakeholders. The book goes on to focus on the role of the government in grooming the Indian business to be sensitive of its social concerns. Drawing on rich empirical data, the book shows that CSR in India cannot be conceptualized in ethnocentric terms. Arguing that it is not about the typical Indianness of the articulation, it emphasizes the point that CSR in India needs to be conceptualized in a wider perspective by taking into account its philosophical roots with reference to the prevalent socio-economic and political context. The book is a valuable contribution to the literature on CSR, and is of interest to scholars of Asian Studies, business and development studies.

"Does the SR emigration matter? From the standpoint of socialist history, the answer has to be: yes. Narodnichestvo was eclipsed in 1917, but nonetheless it remains part of the common heritage of European socialism. Elizabeth Whites book is therefore welcome for the light it sheds on this largely neglected phase in its history. After all, socialist history is at least partly the history of imagined alternatives to what actually happened in the past." - Francis King, University of East Anglia; Socialist History 38

About the Author Bidyut Chakrabarty is Professor in Political Science at the University of Delhi, India, and is currently the Mahatma Gandhi(visiting) Chair for Global Non-Violence at the Gandhi Centre at James Madison University, USA.
