Alan S. Gassman : Creditor Protection for Florida Physicians: A Comprehensive Handbook for Physicians and Their Advisors before purchasing it in order to gage whether or not it would be worth my time, and all praised Creditor Protection for Florida Physicians: A Comprehensive Handbook for Physicians and Their Advisors:

In his fourth book, Alan S. Gassman provides both basic and advanced information on creditor protection for Florida

physicians and their professional advisors. Written in a straightforward manner, both laymen and experts can easily review and understand the Florida and federal business, tax, and estate planning rules that must be taken into consideration by Florida physicians and their professional advisors. Creditor Protection for Florida Physicians is the result of over 30 years of study, writing and learning from experience involving representation and protection of physicians and their families and medical practices. The book includes helpful charts, current information, coverage of recent developments, checklists, and advisor letters. Purchasers will also receive a 50 minute DVD that qualifies for Florida lawyer and CPA continuing education credit.
