Living Will. Do Not Resuscitate. Healthcare Surrogate. Then in the appendix the forms are filled out as examples of how to do it. Super easy. The best, there is a list of websites where these forms can be downloaded and completed. They download easily. I checked this book out of the library but I am buying it now. Must have.

This easy to read book written by attorneys and published by Davenport Press covers Florida law of Wills, estate

planning, probate, patient's control of health care, inheritance taxes, family estate law, guardians for children, sharing control of children with others, and other related fields. Estate planning concerns how to control upon illness or death one's health care, end of life issues, estate taxes, money and property, children and dependents, and other matters. The legal forms to make legally binding documents that are in this book and can be downloaded free include: Wills (to give property, name executor, pick guardians, and more), Self-Proving Affidavit (to complete Will process), Tangible Personal Property Lists (to outside a Will make lists of gifts), Codicil (to modify Will), Living Will (to name agent and instructions for end of life care), Health Care Surrogate (to name surrogate and instructions for general health care), Do-Not-Resuscitate Order (to tell paramedics and carers what care is not wanted), Power of Attorney (to give someone power to act for you, like to buy and sell, see records, etc.), Delegation of Parental Authority (to let other act as parent to temporarily control schooling, health care, and domestic care).
