Craig Key : Deadly Game of Tug of War before purchasing it in order to gage whether or not it would be worth my time, and all praised Deadly Game of Tug of War:

0 of 0 people found the following review helpful. It was so sad and heartbreaking from both sides of the family By B. J. Drake This book was written by the attorney that prosecuted the case. It was so sad and heartbreaking from both sides of the family. One wonders what went on at the grandmother on the father's side of the family, the child did not like her grandmother, as well as why the mother of this child was returned to her mother's custody before she died.

This mother HAD to know what the step father was doing to this beautiful baby girl in the short time that she had gotten custody of the child. 3 of 4 people found the following review helpful. Very biased
By Lisa I heard about this case through way of a you tube video I happened to stumble upon. Then I another videos , all blaming either one side or the other. So I googled for more information and saw this book had been written. I thought that because it had been written by the judge in this case, it would be fair and state just that facts. I couldnt have been more wrong. This whole case is so sad and touched me, but I really couldnt judge who was at fault, which is I wanted to read a non biased book. I gave it two stars because of some documents he includes in the book. However I couldnt have been more wrong thinking this book was non biased though. Through out reading this book , it was clear this judge leaned towards the mothers innocence and had a huge gripe against the paternal side of this child's family. It was just that obvious. He would talk about all the details of trouble the father got into but then gloss over the mothers history of trouble by saying she was a wild one who like to party...ect. I still cant say whose side I would take, other then this poor little girls. It is sad how the people in her life failed her. But in reading this book as impartial and looking for answers , I was really turned off by the partiality this judge shows as he writes his take on this case. It is clearly written with hostility towards the paternal grandmother especially, as well as some sort of vindication for himself in some very bad decisions he made. I f your looking for an impartial book on this case as I was , I dont reccomendation this book at all. 4 of 5 people found the following review helpful. IN THE SEARCH OF TRUTH
By LEE 03 Ordered the book and read it twice. I was confused as to the content when Judge Key made remarks throughout the book like...Mrs Smith's makeup was perfect and Mrs Briggs dressed plain. There were quite a few things in the book that made this book hard to deny it was a little one sided. Having said that, the entire case was just gut wrenching. Both families are in pain!

Kelsey was a bubbly ray of sunshine. It is impossible to comprehend how anyone could harm a child, much less have something happen when so many were watching so closely. The lesson from Kelsey's death is not only a cry to stop child abuse, but a reminder to cherish the little ones in our lives, and a warning to those embroiled in custody battles to take the focus off themselves and put it where it belongs, on the innocent children who did not ask to be a pawn in someone's game.

About the Author Judge Craig Key began practicing law in 1992. He was sworn in as Associate District Judge of Lincoln County on January 13, 2003, and lost the re-election in 2006, due to the circumstances surrounding the death of a child, as detailed in A Deadly Game of Tug of War. Craig has gone back to practicing law in Lincoln County and has a wife, Dana, and a blended family with four daughters: Abbi (14), Macy (13), Sarah (12), and Kamryn (8).
