Packed with information to have BEFORE and DURING your divorceBy CustomerThis book is packed with information I wish I'd had before I'd gotten divorced. Even though this was written with Arizona laws in mind (this law firm has some really good online info - just search for the author Billie Tarascio or MyModernLaw), it really applies to all states - with minor adjustments here and there. For instance, some things you definitely CAN do yourself, if you are looking for ways to shave down costs. Also, I didn't know you could have temporary orders in place for things like child support and spousal support before the final divorce. It gets into the nitty gritty of legal stuff, so you may have to take this in small bites, but be prepared to get out your yellow

highlighter and mark up the stuff that applies to you. I'll recommend this to anyone stepping into a divorce or considering it. Read this first. <http://amzn.to/2h4eZ9N0> of 0 people found the following review helpful. Excellent book!By deanna j hyattThis book is an excellent tool when facing a divorce.
