Samantha S. Moura Ribeiro : Democracy after the Internet - Brazil between Facts, Norms, and Code (Law, Governance and Technology Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Democracy after the Internet - Brazil between Facts, Norms, and Code (Law, Governance and

Technology Series):

This book throws new light on the way in which the Internet impacts on democracy. Based on Jürgen Habermas discourse-theoretical reconstruction of democracy, it examines one of the world's largest, most diverse but also most unequal democracies, Brazil, in terms of the broad social and legal effects the internet has had. Focusing on the Brazilian constitutional evolution, the book examines how the Internet might impact on the legitimacy of a democratic order and if, and how, it might yield opportunities for democratic empowerment. The book also assesses the ways in which law, as an institution and a system, reacts to the changes and challenges brought about by the Internet: the ways in which law may retain its strength as an integrative force, avoiding a virtual legitimacy crisis.

From the Back Cover This book throws new light on the way in which the Internet impacts on democracy. Based on Jürgen Habermas discourse-theoretical reconstruction of democracy, it examines one of the world's largest, most diverse but also most unequal democracies, Brazil, in terms of the broad social and legal effects the internet has had. Focusing on the Brazilian constitutional evolution, the book examines how the Internet might impact on the legitimacy of a democratic order and if, and how, it might yield opportunities for democratic empowerment. The book also assesses the ways in which law, as an institution and a system, reacts to the changes and challenges brought about by the Internet: the ways in which law may retain its strength as an integrative force, avoiding a virtual legitimacy crisis.

About the Author Dr. Samantha S. Moura Ribeiro is an Assistant Professor at the Pontifical Catholic University of Rio de Janeiro (PUC-Rio), and a member of the Centre for Constitutional Studies NEC/PUC-Rio. She holds a Ph.D. and an M.Res from the European University Institute (EUI), Florence. She also holds a Master degree in State Theory and Constitutional Law, from PUC-Rio. She is a socio-legal scholar whose main research focuses on the guarantee of fundamental rights online, with a particular interest in discursive empowerment and legitimacy.
