explained clearly.this is a must read for those being sued as well as for expert witnesses.0 of 0 people found the following review helpful. The final chapters are particularly useful in deposition prepBy Jeffrey S. MillerHelpful. The final chapters are particularly useful in deposition prep.1 of 1 people found the following review helpful. Deposition DissectionBy Book NerdInformative and easy-to-read, Deposition Dissection is a must-have for any physician. By making the deposition process easy to understand, readers will be more at ease in the deposition room.

Full of sample questions, strategies, and explanations, Deposition Dissection is an essential manual for any healthcare provider facing the looming threat of a deposition. In an easily readable format, the book reveals opposing counsels specific objectives and tactics, explains how your deposition fits into the big picture of a lawsuit, and empowers you with the tools to give a strong, defensible deposition. Chapters on serving as an expert witness, practicing defensive medicine, and the implications of tort reform bring you up to date on todays legal trends in medicine. The book contains questions and references from actual cases, and will help you prepare a shorter, stronger deposition that will stand up during trial.Topics include: * What is a deposition? * What is a deposition not? * what topics will be covered * your role * your attorneys role * questions and answers
