purchasing it in order to gauge whether or not it would be worth my time, and all praised *Developing a Patent Strategy*, 2013 ed.: *Leading Lawyers on Drafting Effective Patents, Filing Applications in International Jurisdictions, and ... in Applicable Industries (Inside the Minds)*:

Developing a Patent Strategy provides an authoritative, insider's perspective on key tips for assisting clients in creating and refining effective patent strategies. Featuring experienced partners from law firms across the nation, these experts guide the reader through the process of understanding a client's business goals and helping clients through the filing process. These top lawyers offer specific advice on reducing the cost of developing a patent, filing in international jurisdictions, and identifying trends in target industries to predict potential standardizations. From understanding the role portfolios to undergoing mock jury exercises, these experts discuss ways to protect a client's innovation and stress the importance of helping clients navigate the patent litigation process. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this ever-changing field. *Inside the Minds* provides readers with proven business and legal intelligence from leading C-Level executives and lawyers. Each chapter offers thought leadership and expert analysis on an industry, profession, or topic, providing a future-oriented perspective and proven strategies for success. Each author has been selected based on their experience and C-Level standing within the business and legal communities. Chapters include: 1. Alain Villeneuve, Shareholder, Intellectual Property Group, Vedder Price PC - "Counseling Clients Through the Accelerated Twenty-first Century Innovation Cycle: Making the Patenting Process Tolerable in Troubled Times" 2.
