**Bob Pickus : Divorce and Family Law in California: A Guide for the General Public 2004 Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Divorce and Family Law in California: A Guide for the General Public 2004 Edition:

4 of 4 people found the following review helpful. Just okayBy ACaI initially was very interested in this book because I was looking to gain more insight as both a paralegal (not specializing in family law) in California, and as a parent

about to go through a child support modification hearing. I expected in-depth information, but that was not what I found in this book. Don't get me wrong, if you know very little about family law in California, then this book is likely a good start for you. If however, you already know the basics and you are looking for leads and an in-depth perspective on the laws in California, you will learn nothing new. I was expecting more information on the courts stance in specific legal situations, court documents that are applicable to the range of motions in the family law court system-- and nope, didn't find it.

Divorce and Family Law in California provides a clear, concise, and complete guide to divorce and family law in California. Topics covered include: \*Marriage \*Paternity \*Divorce \*Custody Visitation \*Annulment \*Child Support \*Legal Separation \*Guardianship \*Property \*Adoption \*Debts \*Dependent Children \*Spousal Support \*Children's Names \*Unmarried Couples \*Restraining Orders

About the Author A California attorney since 1978, Bob Pickus works for the Alameda County Employees' Retirement Association in Oakland, addressing primarily the impact of divorce on retirement benefits. He also volunteers for the Family Violence Law Center in Oakland, providing weekly divorce and family law clinics and follow-up services for low-income persons.
