Akeela Davis : Divorce Dollars: Get Your Fair Share before purchasing it in order to gage whether or not it would be worth my time, and all praised Divorce Dollars: Get Your Fair Share:

The financial consequences of divorce can be traumatic. Many people who get divorced are left with little money, no income, and a poor credit rating. In some cases, one partner looked after all the family's finances, the other partner is left unprepared for and overwhelmed by the financial consequences of divorce.

From the Inside Flap
The financial consequences of divorce can be traumatic. Many people who get divorced are left with little money, no income, and no credit rating. In some cases, if one partner looked after all the family's finances, the other partner is left unprepared and overwhelmed by the financial consequences of divorce. *Divorce Dollars* is a complete guide to divorce-related financial planning, demonstrating in a step-by-step manner how you can overcome the financial challenges of divorce and lead a financially healthy life. This book addresses everything from dividing the assets to retirement planning. By using examples of real-life scenarios, Akeela Davis demonstrates how you can handle the financial challenges of divorce using careful planning and money smarts. The following topics are included in this book: - Spending profiles and how they can affect your settlement - Types of divorces and how they affect finances - Settlement negotiation considerations - Should you keep the house? - Career assets and business ownership - Child and spousal support - Remarriage preparedness
From the Back Cover
The financial consequences of divorce can be traumatic. Many people who get divorced are left with little money, no income, and a poor credit rating. In some cases, one partner looked after all the family's finances, the other partner is left unprepared for and overwhelmed by the financial consequences of divorce.
