With the help of this book, you can obtain your own divorce and save from hundreds to thousands of dollars in lawyer's fees. Written by a lawyer, this easy-to-follow, step-by-step guide explains the hows and whys of obtaining your own divorce. Even if you are retaining a lawyer, this guide will be an invaluable companion through your divorce proceedings. Clearly written instructions and samples are included. If you follow each step carefully and handle everything yourself, you will have to pay only filing and service fees. If there are no complications, you can do your own divorce for as little as \$200. Packages of the forms for completing your divorce are also published by Self-Counsel Press.
