As a financial practitioner in the field of divorce, I highly recommend this book. The book is nicely organized by topic and the question and answer format is easy to understand for the client. I just ordered multiple copies of the book to keep on hand for my initial consultation with clients. I am also recommending it to my fellow practitioners and to the local women's support organization. I think it de-mystifies the divorce process for the client and it educates the client in the process.
