**Violet Woodhouse : Divorce Money: How to Make the Best Financial Decisions During Divorce (Divorce and Money)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Divorce Money: How to Make the Best Financial Decisions During Divorce (Divorce and Money):

8 of 8 people found the following review helpful. Not 5 stars...10 stars! By Danielle Goyette I wish I could give this book more than 5 stars. Whether you're being left or doing the leaving, are a career woman or a stay-at-home mom, the bread-winner or the dependent spouse--this book is for you. The advice is immediate. The steps to follow are clear. The author is neutral and factual. This book was exactly what I needed to prepare for a collaborative law settlement, without it I would have been clueless and blindsided. It helped me to know which pitfalls to watch for and what questions I should be asking. 3 of 3 people found the following review helpful. Helpful, but Consider Going Old-

School with the Paperback Version. By CFinnI've found the information in this book to be helpful so far, but I may not end up reading most of it because the Kindle version is driving me crazy. I'm a longtime Kindle user, but highlighting and trying to make notes with my Kindle Voyage is tedious at best. I wish I had gotten the paperback version as I think it would have been easier to go old-school with a highlighter. I would have preferred more real world examples to help break up some of the abundance of information. There are some there, but I have found myself wishing for more since it helps to me connect with the information easier. 1 of 1 people found the following review helpful. Very good information. I recommend anyone contemplating divorce to read ...By Jacqueline ThornhillVery good information. I recommend anyone contemplating divorce to read this book and be well prepared with questions for your attorney or Certified Divorce Financial Analyst.

Divorcing? Get everything you need to split assets and debts as fairly as possible. When you're going through divorce, you have to make an overwhelming number of financial decisions. Should you sell the house? What happens to retirement benefits? How will you handle taxes? Full of sensitive and practical advice, *Divorce Money* guides you through the complex process of making these important, and sometimes life-altering financial decisions. It covers how to: - decide whether to keep or sell the house - protect yourself against misuse of joint accounts and credit cards - avoid tax problems - handle alimony and child support - divide debts fairly - avoid hasty decisions that could hurt you financially - reduce risks to your investments - understand how a court evaluates assets - gain financial stability as a single person The fully updated edition provides the latest tax figures and data, plus new information on dealing with credit problems, bankruptcy, foreclosure, and during or after divorce.

Reduces the financial complications of divorce into comprehensible strategies. *Newsday*An essential purchase for anyone contemplating a split... *Los Angeles Times*At the very least, you should read *Divorce Money* so that you better understand your legal rights. *Newark Star-Ledger*
