0 of 0 people found the following review helpful. This book has many great advices and useful information that help

me thru the ...By CustomerI purchased this book after my wife informed me of her intentions to end our marriage. Even though my marriage was over, i refused to give up on my children. One crucial mistake to avoid that I learn from this book was do not move out of the house, if I want to win the custody battle with my soon to be ex-spouse. There are many other mistakes that I did avoid by reading this book, but this is the most important one for me. Life is already hard. Adding divorce and custody battle to it, it can be crazy at time. This book has many great advices and useful information that help me thru the whole divorce process. It also pointed me to the right direction on how to fight for my best interests for the future. The best part about this book is the information is simplified, simplified and simplified. It saves me a lot of time because I do not want to read a text book about divorce. With the basic knowledge about divorce, I can communicate to my lawyer exactly what my needs are and what I want out of the divorce. Overall, the book was very helpful.0 of 0 people found the following review helpful. It also focuses on what to do about how to manage the financial aspects like mortgage, insuranceBy CustomerIf you are planning to divorce your partner, you must read this book. This book focuses one very legal aspect of divorce in simplified format. If you are thinking of divorce from your partner, you do not have the time read a text book. It also focuses on what to do about how to manage the financial aspects like mortgage, insurance, credit cards and so on and so forth. It also gives advice on how to hire a good lawyer and where to find it. Overall this book covers a lot of important topics with regards to the whole divorce process and how to avoid critical mistakes of the divorce process. This book is an essential guide to remind and inform you about the things that should be done. I would recommend it to a friend.

We plan for our weddings, and we will plan for our divorces. We have failed at our marriages, but we will not fail with our divorces. This book will provides tips on how to avoid Critical Mistakes in a Divorce. This book will provides tips on how to avoid Financial Mistakes in a Divorce. This book will provides tips on how to avoid Emotional Mistakes in a Divorce. We need to understand and we need to be aware that divorce is a very emotional time and mistakes can be made when the mind is clouded with revenge, anger and bitterness. We need to be aware that divorce can become an all out war with your soon to be ex-spouse about who get the children, who get the family house, and who get what assets. The real tragedies are the children and the family financial devastation that can occur after a divorce. This book will arm you with the knowledge to prevent the future tragedies from occurring. Given the fact that divorce can happen to every day normal people, the solution is to help understanding the complexity of the divorce process and to obtain a fair settlement for yourself and your children by understanding the basics of divorce laws. Divorce is traumatic, but its an opportunity to FREE again.
