(author) Claire Colbert : Divorce Splitting Up: A Complete Legal and Financial Guide (Paperback) - Common
before purchasing it in order to gage whether or not it would be worth my time, and all praised Divorce Splitting Up:
A Complete Legal and Financial Guide (Paperback) - Common:

A guide to divorce, dissolution and separation that offers practical assistance throughout the process for married couples, cohabiting couples or those in civil partnerships. It considers what happens when couples divorce, how the situation differs for unmarried couples, and considers civil partnerships and the process of how these are dissolved.
