By Jennifer Eville Rosanne DeTorres is an incredibly knowledgeable, experienced, thorough and compassionate attorney, and this book reflects each of those characteristics from start to finish. I was lost when I began the divorce process but having her invaluable advice assisted me in every stage of my divorce. Her book outlines this complicated and often difficult process in a manner that makes the many and varied components of a dissolution seem manageable, and far less

overwhelming and scary. Ms. DeTorres is extremely well-versed in matrimonial law and the chapters in this book reflect her vast understanding of complex issues such as parenting schedules, child support guidelines, restraining orders and separation of assets, all of which I experienced during my own divorce. The checklists and worksheets included provide a comprehensive "to-do list" for individuals contemplating divorce as well as those actively engaged in the process. If you are looking for a divorce lawyer, legal advice or information on this process in general, look no further. 0 of 0 people found the following review helpful.
