Richard W Hechter JD MBA : Divorced in 60 Seconds: What His Attorney Doesn't Want You to Know before purchasing it in order to gage whether or not it would be worth my time, and all praised Divorced in 60 Seconds: What His Attorney Doesn't Want You to Know:

0 of 0 people found the following review helpful. great!!!!By Elizabeth Rivera FernandezThe writer use easy and simple words, that anybody could understand. I recomend this book to a law student, to a person who is thinking of

ending his or her marriage, someone who is thinking of getting married, a marriage counselor, or someone who wants to learn about why divorce is not always the easy way out. 0 of 0 people found the following review helpful. Great book
By Skyler
As a practicing divorce attorney, I often get a copy of Rich Hechter's book to my new divorce clients. It is honestly the best and quickest way to get them familiar with the divorce process and really understand the laws, before they even come into my office to start a divorce. Extremely accurate and truthful. Dead on recommendations.
Best book for non-specialists I've seen
1 of 1 people found the following review helpful. Best book written by a real attorney
By Anne L
Too often the books written by professionals are understandable to only professionals of the same industry, not so with this book. Hechter writes in a clear and concise manner and provides sound legal and personal advice for any user -- male or female (despite what the title might imply). As a marriage and family therapist, I recommend this book in situations where the relationship is irretrievably damaged -- better prepared before you get taken advantage of (again) by the person who once professed to love you forever (or at least until you die). If you have any doubts, ask an attorney in your one free session what she or he thinks of this book -- they will agree with all Hechter writes completely, but be green that they didn't think to write it first. Thanks for your great work!

A quick read to get you up to speed on our divorce laws. This book is full of expert tips, and covers all topics of divorce. This book will allow you to become an educated partner with your attorney, and not simply a passive client. The material in this book will assist you in making the best informed decisions, and empower you to obtain the results you seek.
