1 of 1 people found the following review helpful. An down to earth and helpful guide for anyone thinking about or

going through a divorce!!!By RaoushaI enjoyed this book immensely. Even as a male reading it, I heard many of the fears here being the same as other women I have spoken with who wonder if they have what it takes or what the process is. There is a great chapter of advice on the business end as well, the reader will not be disappointed!!!

Every woman craves an emotionally and physically satisfying romantic relationship with the man she loves. But, what happens if the relationship sours, goes south? What's a girl to do when she's tried counseling, prayed her heart out, and she is still hopelessly unhappy? Do you walk out that door and never look back? Do you stuff those thoughts deep down in your soul and unpack that suitcase? Do you give it everything you've got - one last time? Let's find your answer together.
