Nancy Lemon : Domestic Violence Law, 4th Edition (American Casebook Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Domestic Violence Law, 4th Edition (American Casebook Series):

0 of 0 people found the following review helpful. Excellent!By MandiExcellent! The book is in new condition. I haven't seen anything wrong with it. It is actually quite interesting so far.1 of 2 people found the following review helpful. Long, but helpful.By CTMVery long and boring book I had to read for law school. However the content was good0 of 1 people found the following review helpful. updated excellent resourceBy crim law profThis book contains recent cases that get at key issues in domestic violence law. Another excellent edition. Very useful for teaching.

Through articles, book excerpts, cases, and statutes, the author encourages discussion of the legal systems role in domestic violence situations. Topics range from historical and basic issues, such as restraining orders and tort suits, to controversial ones, including marital rape, arrest and prosecution policies, and battered mothers charged with failure to protect their children from batterers. Other chapters cover how domestic violence impacts different groups. Additional topics include guns, confidentiality and safety, and victims as welfare recipients, workers, tenants, and applicants for asylum. The materials foster critical thinking among students, as they include contradictory points of view.
