Norma V Ndebele : Double Edged Sword: Repercussions Post Dispatches: Undercover Angels before purchasing it in order to gage whether or not it would be worth my time, and all praised Double Edged Sword: Repercussions Post Dispatches: Undercover Angels:

This book is about Closure; to the repercussions post Dispatches Undercover Angels. This book is about encouragement and inspiration to readers that no matter how hard and painful life can be; there are still beautiful Sunsets and Rainbows to enjoy... if only they can hold on to that glimmer of hope! This book also takes a critical analysis at the institutionalised racism within the health care sector private and NHS, and a critical analysis of the changing NHS provision of healthcare. This book also takes a critical analysis of the changing management of prisoners.
