This book is all about your detox journey and you will see a pattern of three simple words. Rediscover, Reclaim and Reinvent. Each word represents a path and the combination of all three represents the new you that will emerge at the end of your detox. You will start to see that there are many times in life when we need to stop and rediscover...reclaim...reinvent. This applies to our relationships of every kind: with ourselves, our spouse, our children, our parents, our siblings, our colleagues and our faith. It goes without saying that as we experience life, we change. Some changes occur naturally when we grow as a person, some changes are prompted by our situation and some by our surroundings. Regardless of why we change, it will be a time of rediscovery, reclaiming and reinvention. You will see these words repeatedly as you read Drama Free Divorce Detox. Let them resonate with you. It is important that they become part of your detox process. What exactly is Drama Free Divorce Detox? What I mean when I say "Drama Free Divorce Detox", I mean ridding yourself of everything and anything that can and will block you from moving forward towards a happy and fulfilling life. let's face it - divorce SUCKS! This book is NOT about bad-mouthing your ex, ripping pictures in half or throwing away all of the amazing memories of better times that you shared together; quite the opposite, Detox is about giving yourself permission to release all that crap. It is about learning to replace the ugly parts of the marriage and divorce with the positive things that will feed your spirit and your soul. It is about reclaiming the real you!
