**From Spindler Gerald Borner Fritjof B Rner Fritjof : E-Commerce Law in Europe and the USA** before purchasing it in order to gage whether or not it would be worth my time, and all praised E-Commerce Law in Europe and the USA:

This unique text deals with the most important legal areas for e-commerce related business in most of the member states in Europe as well as the USA. Topics that are dealt with include: contract law, consumer protection, intellectual property law, unfair competition, antitrust law, liability of providers, money transactions, privacy and data protection.

From the reviews: "The book E-Commerce in Europe and the US is one of many recent publications that aim at providing practising consultants and lawyers with the necessary information on legal developments relevant for e-commerce. The uniform presentation of the contributions and the clearly arranged discussion of numerous questions relevant for practising lawyers, makes it a highly valuable legal source in quickly finding an answer to numerous key questions." (Corien Prins, Electronic Communication Law , Issue 9, 2002)
