**Steven H. Gluckman, Peter A. Glowacki : E-Learning for Law Firms** before purchasing it in order to gage whether or not it would be worth my time, and all praised E-Learning for Law Firms:

The newest frontier in law firm training and development is e-learning. This book defines e-learning and its application in law firms, including how it impacts continuing legal education (CLE). It focuses on e-learning's benefits, uses, and variations applied to lawyer training and development. Readers will learn how to design an e-learning curriculum, identify and develop content, and align e-learning with their firm's objectives. The book also

includes a discussion of learning management systems (LMS) and a business case for firm e-learning.
