Richard O. Zerbe : Efficiency in Law and Economics (Economic Approaches to Law series, #4) before purchasing it in order to gage whether or not it would be worth my time, and all praised Efficiency in Law and Economics (Economic Approaches to Law series, #4):

This collection brings together the key papers in the area of efficiency in law and economics. Alongside an original

introduction, the collection covers the applications of economic efficiency to law and the limitations and morality of efficiency. This important book will appeal to anyone interested in the underlying welfare theory relating to the use of economics in law, examining both the history and impact of the theory, as well as its deficiencies. 21 articles, dating from 1958 to 2007. Contributors include: G. Calabresi, A.C. Harberger, J. Klick, A.T. Kronman, F. Parisi, R. Posner, J. Rawls, A. Schwartz, A. Sen, S. Shavell, J. Watson

About the Author Edited by Richard O. Zerbe, Daniel J. Evans Distinguished Professor and Director, Center for Benefit-Cost Analysis, University of Washington, US
