Denzil Lush : Elderly Clients: A Precedent Manual (Second Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Elderly Clients: A Precedent Manual (Second Edition):

This useful tool for the private client advisor looks at a comprehensive range of issues affecting the older client in the UK, including the difficult and ever-changing problems of planning for client's possible incapacity in later life, sharing residential accommodation, care contracts, social security agents and appointees, funeral planning, receivership, wills and equity release schemes. A wealth of expertly drafted precedents covering the whole range of matters that might arise is included. Each chapter has been thoroughly revised to take account of all major developments. *Elderly Clients: A Precedent Manual* provides an invaluable combination of guidance and practical materials. The book includes a free CD-ROM containing all precedents.
