Besides that, it's a totally helpful book.8 of 8 people found the following review helpful. Excellent PrimerBy Mike HonchoI was about to enter my clerkship at the FERC and wanted an good overview at the energy legal industry. This book did not disappoint. My only issue with it was the political undertones in favor of a centrally controlled and planned energy market. It would have been better to

leave the opinion to a law review article and simply stick to an overview of the law and the industry.
