Joseph Tomain : Energy Law in a Nutshell (Nutshells) before purchasing it in order to gage whether or not it would be worth my time, and all praised Energy Law in a Nutshell (Nutshells):

This title addresses the component parts of the energy fuel cycle, as well as the market and government policies that oversee it. This Nutshell describes in detail the countrys traditional energy policy and also discusses the current challenges that confront it. Chapters cover the individual natural resources used to produce energy and the book

concludes with the development of a clean energy policy for the future.
