review helpful. Five StarsBy Silvia Helena Chavarria RojasGreat handbook for understanding basic concepts of the entertainment industry.

This compact reference gives a big picture overview of the intellectual property, contract, publicity, estate planning, and First Amendment issues that contribute to the field of entertainment law. Professor Burr also addresses specific legal issues that arise in the film, music, and television industries, including discussion of the rise of reality television. This Nutshell is ideal as a secondary text to accompany any entertainment law casebook, as the primary text for a seminar, or as background information for someone requiring an overview.
