Barry E. Hill : Environmental Justice: Legal Theory and Practice (Environmental Law Institute) before purchasing it in order to gage whether or not it would be worth my time, and all praised Environmental Justice: Legal Theory and Practice (Environmental Law Institute):

Environmental risks and harms affect certain geographic areas and populations more than others. The environmental justice movement is aimed at having the public and private sectors address this disproportionate burden of risk and exposure to pollution in minority and/or low-income communities, and for those communities to be engaged in the decision-making processes.

About the Author Barry E. Hill is currently the senior counsel for environmental governance in the Office of International Affairs of the U.S. Environmental Protection Agency. He has taught environmental justice at the Vermont Law School for 15 years, where he serves on the board of advisors for the Environmental Law Center. He has published numerous articles on environmental law and policy, and environmental justice.
