**Steven Ferrey : Environmental Law: Examples Explanations, 5th Edition** before purchasing it in order to gage whether or not it would be worth my time, and all praised Environmental Law: Examples Explanations, 5th Edition:

This EE was my savior in Environmental LawBy Laura MusselmanThis EE did a great job of breaking down complicated statutes, although I had hoped it would go much more in-depth on some issues than it actually did. On-par with other EEs. The Study Desk bonus was a waste of space, as it only worked on Windows computers, and I would guess at least half of law students are working on iOS now.0 of 0 people found the following review helpful.
