**Lisa Guerin JD, Deborah C. England Attorney : Essential Guide to Family Medical Leave** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Essential Guide to Family Medical Leave:

0 of 0 people found the following review helpful. Wonderful BookBy gatesofbodom This is a great book that is easy to read through and makes a wonderful reference book. I like that you can also go online to access additional information. The "real life" scenarios posed in the book also add clarity around the topics. Would absolutely recommend.0 of 0 people found the following review helpful. Essential Guide to Family Medical LeaveBy JO CLAIR This is the guidebook of all guidebooks. It has all the answers you would ever want or need to ensure your organization is remaining compliant with the federal Family Medical Leave Act. It is very easy to use and worth every penny spent!0 of 0 people found the following review helpful. Beneficial to EveryoneBy Richelle Wallace Not only does this book benefit managers supervisors but also employees. Everyone should know their rights when dealing with FML.

Manage FMLA leave with this indispensable guide -- respect employees' rights and protect your business' interests. The Family Medical Leave Act (FMLA) is a law with a noble purpose: To help employees balance the demands of work and family. But the FMLA can be difficult to apply in the real world, especially when other laws -- such as workers compensation statutes or state leave laws -- also come into play. Any misstep can create needless frustration for both managers and employees. Fortunately, *The Essential Guide to Family Medical Leave* provides all the information and forms you need to comply with the FMLA in plain English. It answers vital questions, such as: Who qualifies for leave? How much leave can employees take? What are the employee's and the company's notice obligations? What are a company's obligations to an employee on leave? How can a company minimize disruptions? *The Essential Guide to Family Medical Leave* also includes checklists, forms and worksheets, as well as audio dialogues that show how to communicate effectively with employees who need to take leave. Let the practical strategies in *The Essential Guide to Family Medical Leave* help you meet your legal obligations to employees, while also meeting your company's needs. This edition has been revised to cover extensive changes in the law, including available leave for family members of those serving in the military and changes in FMLA regulations. Plus, you'll get the latest information about family and medical leave laws in your state. - Download forms for book on [nolo.com](http://nolo.com)

"Useful to everyone trying to comprehend the issues and follow the rules." Booklist
