Sanket Mistry : Estate Planning in Plain-English: Legal Self-Help Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Estate Planning in Plain-English: Legal Self-Help Guide:

10 of 10 people found the following review helpful. Simple To UnderstandBy AmyAfter so many life changes and adopting my grandchildren my estate planning became more complex than it had ever been in years prior. I needed guidance so I started collecting knowledge from various resources to start implementing a plan. This book was a great self-help book with valuable information. I am planning on visiting an attorney soon and the way the terms are

explained its really simple to understand. I now feel ready to plan my estate which is long overdue. 2 of 2 people found the following review helpful. The book clearly lives up to its name. By Suzie K. Estate Planning in Plain English Legal Self Help Guide by Sanket Mistry clearly lives up to its name. Its focus on two main issues creating a will and forming a trust forms the basis of this guide for estate planning, which by its remarkable jargon-free language marks a welcome change in the genre of legal guides. Giving comprehensive details about the issues involved, the first subject tackled here is that of creating a will in US. Discussed under four major headings introduction, functions of a will, identifying the people and identifying the property the guide manages to tackle every possible question a person making a will might have about it. Definitions of all important terms have been given and bullet points throughout the book make for easy reading and better understanding. The same approach marks the next topic of creating a trust in estate planning, with the author managing to compile all possible scenarios of the issues involved. For instance, in case of trusts, the author has covered everything - from what a trust can do to what it cannot and from basic functions to various types leaving nothing out. The result is a remarkable point-by-point analysis of each of them, ensuring that the readers will not be in want of any other resources except this guide. The book will prove to be a useful source of other necessary information as well, while involved in the process of estate planning. For the uninitiated, the details of how to make changes to a legal document, how to find an attorney, what kind of attorney to hire as well as state specific information would prove to be valuable tools in moving ahead. This well researched, detailed book on estate planning was much needed, giving people an invaluable asset in understanding the complex issues involved in a simple language as they navigate through their very own estate planning. 4 of 4 people found the following review helpful. Really Helpful. By Frank Edward I've been giving more thought to getting my own estate in order. I was totally clueless about the best way to even begin doing this. The legal costs involved of what I needed to do were additionally intimidating and I was not certain if some of these prices were essential. I had lots of questions and I wanted help to get me going in the correct path. I found this guide and it was just what I needed to prepare myself and get everything in order and cost effectively. This legal self help guide supplied guidance and some understanding so myself could take charge of my own estate problems confidently.
