Steven F Bucky, Joanne E Callan, George Stricker : Ethical and Legal Issues for Mental Health Professionals: A Comprehensive Handbook of Principles and Standards before purchasing it in order to gage whether or not it would be worth my time, and all praised Ethical and Legal Issues for Mental Health Professionals: A Comprehensive Handbook of Principles and Standards:

1 of 1 people found the following review helpful. great book, good prep for BAT test
By G. Frease
I have found this book to be very helpful in preparation for the BAT test. It's easy to understand language and format and the coverage of valuable information needed makes this text a must for Behavior Analyst's as well as others in the Mental Health field.

Stay up-to-date on the ethical and legal issues that affect your clinical and professional decisions! *Ethical and Legal Issues for Mental Health Professionals: A Comprehensive Handbook of Principles and Standards* details the ethical and legal issues that involve mental health professionals. Respected authorities with diverse backgrounds, expertise, and professional experience discuss contemporary theories emphasizing professional ethics, the ramifications of professional actions and decisions, and ethical standards on teaching, training, research, and publication. This informative handbook provides invaluable up-to-date information and guidelines vital for every mental health professional. This book is a thorough examination of ethical behavior which can be used as a reference source for the professional or a textbook for graduate students. The handbook itself is divided into five sections. The first section is a detailed introduction of ethics, law, and licensing. The second section presents general ethical principles like competence, integrity, and respect for individual rights and dignity. The third section examines confidentiality, privilege, consent, and protection. The fourth section focuses on general ethical standards in practice, including sexual contact, multiple relationships, and bartering. The fifth section presents the ethical principles and standards in teaching, training, and research. Appendices include the Ethical Principles of Psychologists and Code of Conduct (American Psychological Association, 2002) and the Code of Ethics of the National Association of Social Workers (National Association of Social Workers, 1999). *Ethical and Legal Issues for Mental Health Professionals: A Comprehensive Handbook of Principles and Standards* discusses: the history of basic approaches and issues in ethical philosophy five fundamental areas in the process of developing competence the necessary ingredients for the mental health professionals practice of integrity aspirational versus enforceable standards of ethics concern for the welfare of others as a core ethical principle the notion of social responsibility in the ethics codes of psychologists and social workers ethical principles, statutes, and case law protecting privacy and confidentiality issues involving the therapist-patient privilege the duty to protect doctrine and relevant legal issues the dynamics of multiple relationships and boundary violations sexualized dual relationships between psychologists and patients possible conflict of interest in bartering for services the requirements and implementation of maintaining patient records to avoid ethical and legal problems possible ethical dilemmas involving referrals and fees much, much more This Handbook is an essential resource for all mental health professionals, including psychologists, psychiatrists, social workers, counselors, therapists, and graduate students in mental health and the related fields. *Ethical and Legal Issues for Mental Health Professionals: A Comprehensive Handbook of Principles and Standards* is the first of three volumes under this title. The following volumes will focus on forensic settings and special populations/special treatment modalities.

"THE BOOK IS WRITTEN IN LANGUAGE THAT MY UNDERGRADUATE STUDENTS WILL EASILY UNDERSTAND." -- Kathryn D. Rettig, PhD, Professor, Department of Family Social Science, College of Human Ecology, University of Minnesota Twin Cities
"THIS BOOK SHOULD BE RETAINED ON THE SHELF OF EVERY MENTAL HEALTH PRACTITIONER." -- Martin Fleishman, MD, PhD, Active Staff, St. Francis Memorial Hospital, San Francisco; Author of *The Casebook of a Residential Care Psychiatrist*
