Paul T. Hayden : Ethical Lawyering (American Casebook) before purchasing it in order to gage whether or not it would be worth my time, and all praised Ethical Lawyering (American Casebook):

The Second Edition of Ethical Lawyering retains the strengths of the First Edition, with a continued focus on the complexities of the law and ethics rules governing lawyers as reflected in the modern case law, the most recent ABA Model Rules and state variations, and ABA and state ethics opinions. An ideal length for a two- or three-credit course in professional responsibility, this casebook provides comprehensive yet streamlined coverage of a subject as challenging as any in the law school curriculum. Straightforward chapter organization and a clearly-written Teachers

Manual give teachers maximum flexibility in making coverage choices.
