Five StarsBy dieselSchool0 of 0 people found the following review helpful. A Great Book for the Public ServantBy NW NativeThis is one of those rare books from college (grad school) that I have hung on to and have often gone to as a reference. The book does not focus on ethical behavior as an element of traditional moral debate, but instead focuses on the need of a public servant to use the constitution and the oath to uphold the law as the appropriate basis of ethical conduct.A superb book.

This important text integrates the study of ethics into public management training, highlighting Supreme Court opinions on three specific constitutional values-equality, freedom, and property-focusing on the pedagogical aspects of law and posing challenging questions to help readers apply theories to concrete situations. It includes a case index for further research. Topics of specific interest include abortion, affirmative action, bureaucratic bashing, civil disobedience, the Ethics in Government Act of 1978, the Iran-Contra scandal, moral absolutism, privileged communications, religious fundamentalism, and whistle blowing. The Midwest Review of Pubic Administration lauds it as "a unique teaching tool."

About the previous edition. . . .well-written. . .an admirable and provocative attempt to avoid what the author terms 'moralistic bombers and pious platitudes.' ---State Government Journal . . .a unique teaching tool. ---Midwest of Pubic Administration
