Margot Horspool, Matthew Humphreys : European Union Law (Core Text) before purchasing it in order to gauge whether or not it would be worth my time, and all praised European Union Law (Core Text):

EU Law is part of the Core Text Series, a range of textbooks from OUP which provide focused and reliable guides for students of law at all levels. Written with authority by leading academics and renowned for their clarity, these invaluable texts provide a straightforward analysis of the subject and its challenges. Noted for its clear and direct writing style, the eighth edition of EU Law provides a systematic overview of the European institutions and offers

thorough, wide ranging coverage of the key substantive law topics, including separate chapters on discrimination, competition and environmental law. Incisive analysis of the governing themes and principles of EU law is consistently delivered in a concise and easy-to-read format, while chapter summaries, critical questions, and further reading suggestions help to guide the reader through the subject and support further research. This text is also accompanied by a free Online Resource Centre (www.oxfordtextbooks.co.uk/orc/horspool_humphreys8e/) which features a range of resources including updates to the law, an interactive map and timeline showing the development of the EU, and archive video footage from the European Commission.
