Created by Ellen Henrietta Richards : Euthenics, the Science of Controllable Environment; A Plea for Better Living Conditions as a First Step Toward Higher Human Efficiency (Paperback) - Common before purchasing it in order to gage whether or not it would be worth my time, and all praised Euthenics, the Science of Controllable Environment; A Plea for Better Living Conditions as a First Step Toward Higher Human Efficiency (Paperback) - Common:

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continu...
