John E. B. Myers : Evidence in Child Abuse and Neglect Cases (Studies in Logic and the Foundations of Mathematics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Evidence in Child Abuse and Neglect Cases (Studies in Logic and the Foundations of Mathematics):

1 of 1 people found the following review helpful. Evidence in Child Abuse and Neglect CasesBy A CustomerStaying current with the latest changes in this sensitive area of the law is quite a challenge. With this exhaustive resource in your library, your worries are over. This comprehensive book clearly sets forth the latest case law on the complex evidentiary and constitutional issues faced by an attorney prosecuting or defending child abuse and neglect proceedings. You'll get relevant information on stages of child development and how they apply to this type of litigation. A compilation of appellate case law on child abuse and neglect law and psychological issues is also included. Integrating the wisdom of the psychological, medical, and legal disciplines, this work guides you through all of the investigative and litigation issues. Also included are forms and checklists to assist in discovery
