Patricia Cain, E. Gary Spitko : Exam Pro on Wills, Trusts, and Estates (Exam Pro Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Exam Pro on Wills, Trusts, and Estates (Exam Pro Series):

Although it went in more depth than the class, I found it very helpful. 1 of 1 people found the following review helpful. pretty good By Hogan This was good exam prep. The questions hit on all the quirky little rules in Will/Trusts law. It is a little heavy on Property law (remainders subject to divestment, blah, blah), which my final exam didn't focus on (thank god).

This new Exam Pro book contains sample tests that cover an entire wills, trusts, and estates course as well as mini

exams that cover discrete topics such as intestacy and future interests. The book also covers the Uniform Probate Code and general common law principles. A detailed answer key explains why the correct answer is the best choice and why other answers are not.
