0 of 0 people found the following review helpful. For a government publication this one was really goodBy William D. CurnuttI was not sure how I would enjoy this document because I am often not a fan of government publications. This small booklet though was a treasure trove of information. I was doing research on Stalkers and Violence against women and this book had some very good statistics and historical information that was helpful.I was surprised when I read that this was put together by Janet Reno's crew at the Justice Department. BUT, they did a great job.Enjoy!
