Nancy Fagan : Fables of Fairy Good Heart: Divorce-A Parent's Love Lasts Forever before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fables of Fairy Good Heart: Divorce-A Parent's Love Lasts Forever:

2 of 2 people found the following review helpful. Wonderful book with an amazing message By Hope Harbour Wonderful book with an amazing message! This book should be available for schools to use to help children who are faced with this life changing problem! Thank you Nancy Fagan and Tory Marshall! 2 of 2 people found the following review helpful. Wise story and good encouragement for discussion By Sheila Deeth Designed to facilitate communication between children and divorced parents, Fairy Good Heart offers a well-designed set of questions at the end of each chapter. The child is addressed, by fairy and by author, as My Dear, a reminder that parents must always hold their children dear. And the child's natural fears are treated with respect and intelligence. By the end of the book, children should be sure that their parents will love them forever, and it really is possible to be happy again. Fun line drawings throughout the text invite readers to imagine new characters and places as the story progresses. An everyday schoolgirl called Jaci has two parents and many friends, including a boy who draws dogs, someone who laughs a lot, and someone who lives in two houses. But Jaci's world changes when her parents start to fight. Those dreaded words I don't love you anymore! fill her with fear as she wonders will her parents stop loving her too? The story reads simply and smoothly, with honest emotion and down-to-earth advice. A much-loved treat turns into a much-feared discussion,

but ice cream wont be absent forever. A magical fairy touch imbues the sad days with hope, just as the images add smiles and fun. And the ending really is better for all, though it may not have seemed that way. A good book to share with kids, especially if parents or friends are experiencing divorce. Disclosure: I was given a free copy and I offer my honest review. 2 of 2 people found the following review helpful. Great book! By Jaci I met the author Nancy on an airplane before the book came out and she let me read it, and I really loved it. It's a great children's book, perfect for children who are separated from their parents for any reason. I highly recommend it!

Book Review Divorce isn't easy for anyone. But for children, the process of divorce can raise difficult questions and distinct fears-fears that parents may neither understand nor know to address. In *Fables of Fairy Good Heart: Divorce-A Parent's Love Lasts Forever*, author, therapist, mediator and renowned relationship expert Nancy Fagan takes on one child's all too common question: "If my parents can stop loving one another, can they stop loving me, too?" The result is a children's book that operates on multiple levels, offering sons and daughters of divorce a relatable story while providing parents with a context in which to address their children's concerns. As the first installment in Fagan's Children's Series, *Fables of Fairy Good Heart*, book one: *A Parent's Love Lasts Forever* is equal parts storybook, communication aid and therapy tool-and as such, an invaluable resource for families, mediators and therapists alike. When we meet the main character, Jaci, she is the quintessential happy kid: she loves her school, her friends, and spending time having fun with her parents. But when she overhears her parents fighting night after night, Jaci begins to worry about her family's future. Eventually, during a particularly heated fight, she hears the words, "I don't love you anymore!" and "I want a divorce." Jaci doesn't know what a divorce is-but she knows it must be bad, and begins to fear the loss of her parents' love. Jaci's sadness prompts the appearance of the Fairy Good Heart, a stand-in for Fagan herself who counsels Jaci to trust in her parent's love-"a love that lasts forever and ever." The Fairy explains that, even when parents cease to love one another, they never stop loving their children. Then she leaves a stuffed toy Fairy Good Heart by Jaci's side to remind her how much she is loved. As the story progresses, Jaci learns to identify and express her sadness, fear, and anger with the help of The Fairy Good Heart, a benevolent presence who also gives voice to the innovative "Parent Prompts" located at the end of each chapter. Designed to facilitate conversation between parents and their children, the "Parent Prompts" include chapter summaries and simple questions that draw on Jaci's experience to help young readers express their own feelings. Written with palpable empathy for parents and children alike, this first title from the *Fables of Fairy Good Heart* series reveals an impressive depth of understanding and compassion on the part of the author. *A Parent's Love Lasts Forever* is simple enough. But beneath the basic plotline runs a thread of sophisticated consideration for child psychology, and the trauma that can influence children of divorce.
