**William Levy : Family Court Inc.: Buttonholing the Gamers** before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Court Inc.: Buttonholing the Gamers:

1 of 1 people found the following review helpful. a must read for anyone going through a divorce or having been through oneBy Rachel SchecterIf you've ever been through a divorce, or watched your grown children go through divorce, you know, that no matter how good a parent you are, there are forces that work against all your best efforts and good intentions. This book has given these forces a tangible presence, and explains why you and your children get

lost in the shuffle. The style is abrupt with just enough humor to keep you from getting really angry as you remember what happened to you. I definitely recommend this book as a "heads up" to what you or your family may be facing down the road.0 of 0 people found the following review helpful. Nice!By ScoopBest wallet I have ever owned.0 of 0 people found the following review helpful. Five StarsBy CustomerThis is the guidebook I needed 6 years ago.

Stung and humiliated by Divorce Court? Wondering what happened to your rights as a parent, honest citizen and decent human being? Do you know someone whose life was ruined by Family Court? Then this book is a must read! From near 20 years of study, we deliver a startling report that exposes both judicial and government abusive behavior towards moms, dads and children of divorce. Family Court needed a name refresh. How it actually operates is not reflected in its current name; a name that sounds as if it is a guardian of Family, Values and Rights. Since Family Court today operates like an elaborate pseudo-corporation comprised of Courts, Legalists, Justices and Government Agencies that milk, terrorize and dehumanize moms, dads and children of divorce; what better a name than Family Court Inc. So enjoy the book. See for yourself how Family Court now re-branded as Family Court Inc., is exactly as we described and is anything but guardian of Family, Values and Rights.
