**Leslie Harris, June R. Carbone, Lee E. Teitelbaum : Family Law, 4th Edition** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Family Law, 4th Edition:

It's a standard casebook. I'm guessing if you're here, it's because this book was assigned for your law course. If, by the time you read this, there's newer edition released, you're potentially pleased because you have an understanding professor that allows older editions. Or you're just staring wistfully at the old edition, frustrated that there's about \$100 difference between an old edition and the most recent copy.

Used, but good as new. No writing or highlighting inside, binding and pages in great condition.
