Inc. BarCharts : Family Law (Academic) before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Law (Academic):

You cannot do well on a law school exam or bar exam relying solely upon BarCharts. That is not their purpose. What BarCharts ARE: a condensed overview of the black letter law. Use them as a quick reference to understand the material during the semester. Use them as a REVIEW of the material you (should) have already studied for the exam. In law school, BarCharts were the last thing I skimmed over before taking an exam. It's a good refresher. Same with the bar exam. I skimmed over my BarCharts both nights before the exam. The ONLY reason I recalled one obscure family law rule on the MEE was because I read it on the BarChart the night before. 0 of 0 people found the following review helpful.
