From Jordan Publishing Limited : Family Law Case Library (Children) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Family Law Case Library (Children):

Busy UK practitioners find that, whether in preparation for a conference, in drafting a skeleton argument, or before

heading off to court, they repeatedly have to search for the same authorities and the same crucial paragraphs within each authority. The Family Law Case Library (Children) addresses this need by providing a quick method of sourcing the key extracts from the seminal UK authorities, all collated in a single volume and presented thematically with cross-references to the full case report in the UK's Family Law Reports.
