Harry D. Krause, Linda D. Elrod, Marsha Garrison, J. Thomas Oldham : Family Law, Cases, Comments and Questions (American Casebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Law, Cases, Comments and Questions (American Casebooks):

2 of 2 people found the following review helpful. Classic Coverage of US Family Law By Adelle A. Larue This book has almost all of the cases I'd expect to see in a family law book and is well-organized. The commentary is somewhat challenging to differentiate from the cases though, so sometimes I've thought I was reading the rest of a decision when it was actually the author's commentary. It would be better if they were better delineated. The book is interesting and a reasonably enjoyable read, which is always a nice surprise when in law school. 0 of 0 people found the following

review helpful. ttBy ttproduct still has not been shipped yet. I am getting nervous that it wont get here quickly :(... i will update my review as soon as the book is shipped to let ya'll know if things turned out!

The 6th edition of this popular and manageably sized casebook retains the structure of the 5th edition and its emphasis on practical skills and contextual analysis. New cases, statutes, and notes reflect judicial and legislative developments across the country. The new edition includes materials on the 2005 amendments to the bankruptcy code and two new uniform laws. It also integrates the Supreme Court's recent privacy cases, including Lawrence v. Texas, with traditional family-privacy materials. Updated notes and additional problems test a wide range of skills and introduce students to practical aspects of family law.
