Randy F. Kandel : Family Law: Essential Terms and Concepts before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Law: Essential Terms and Concepts:

0 of 0 people found the following review helpful. If I'd Only Known then What I Know NowBy Johnnie RexAs a woman in the midst of a divorce, I found Randy Kandel's Family Law: Essential Terms and Concepts both fascinating and helpful. While many books can tell you how to get through or do-your-own-divorce, this book gave me a real understanding of the concepts of family law that practicing lawyers know, and did it in plain English that anyone with a college degree can understand. Even more, the chapters on child custody, children's rights, premarital agreements and the rights and obligations of spouses during marriage were a real eye-opener. If I had known these things years ago, I might have made basic family and financial decisions differently.

Book by Kandel, Randy F.
