I'm glad there was a Kindle (for Mac) option.1 of 1 people found the following review helpful. UghBy Blu BelleThe information in the book is legally sound to the best of my knowledge. I had to purchase it for a class. But this book is rife with typos and grammatical errors to the point of being distracting. I wish these companies would focus more on building a good product rather Han forcing a poorly edited new edition out just to drain the back accounts of students.0 of 0 people found the following review helpful. Five StarsBy Alma J.It was just what I needed to keep me in line with the procedures.

This contemporary text reflects the emerging trends in American family patterns. With a focus on skill-building, **FAMILY LAW FOR THE PARALEGAL, 2/e** is written so readers understand family law and also the role a paralegal plays in family law practice. Each chapter includes cases, exhibits, tips and end-of-chapter assignments that address cutting-edge issues in the field. This edition includes a revised chapter on cohabitation and premarital agreements, a revised chapter on marriage and emerging alternatives, an expanded chapter on parenthood, links to important cases and an innovative MyLegalStudiesLab online course.
