**Connie J. A. Beck, Bruce Dennis Sales : Family Mediation: Facts, Myths, and Future Prospects (Law and Public Policy: Psychology and the Social Sciences)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Mediation: Facts, Myths, and Future Prospects (Law and Public Policy: Psychology and the Social Sciences):

Some believe it is quicker, less expensive, and less painful to mediate support, custody, and visitation issues rather than battle over them in court. But how valid are the claims of mediation's wide-ranging benefits? *Family Mediation* traces the development of the field of mediation and discusses the state of current practices.
